Dear Trisha,

On behalf of the shareholders, directors, employees and associates of Debt Resolve, Inc., I wish to extend my sincere and personal thank you for the terrific and never-ending support we have received from the staff and management at Parabolic, and most especially from you, since we asked your company to represent us in the marketplace. Your personal commitment and enthusiasm were extremely important in influencing our decision in mid-February, and continues to this day. We have already seen positive results in our stock price since you launched our campaign, thus commencing a true and meaningful partnership.

We are indeed proud to be your first AMEX-listed relationship and will gladly endorse you and your company for future business development. It is not often that a service provider also becomes a good friend and transitions into a wonderful relationship however I can unequivocally state that these are the feelings that we at Debt Resolve have for you.

Here's to yours' and Debt Resolve's continued growth and success.

Best regards,

Kenneth H. Montgomery
